Broadgate

BROADGATE VOICE AND DATA

Everything your business needs to stay connected. One partner.

Phones, mobiles, Microsoft 365, internet, Wi-Fi and security, all from one team that knows your business. We're here to make your life easy.

2,000+
UK business customers

99.9%
Platform uptime

50+
Years' combined experience. We stopped counting.

One bill. One support team. Your own account manager.

Whatever you take from us, there's one bill to check, one number to call, and one person who knows your account.

Phone Systems

GoYap, our own cloud phone system, plus leading partner platforms. Or keep the system you have.

Microsoft 365 & Teams

Pay less for the licences you already use, and make calls in Teams if you want to.

Mobile

Stay on your network or move to GoYap on BT/EE, and turn your mobiles into office extensions.

Connectivity

The right connection from the right carrier, with backup built in.

Managed IT & Security

Wi-Fi, networks, CCTV and door entry, cloud managed and looked after.

WHY BROADGATE

Built on experience. Focused on you.

Some of our customers have been with us for over 25 years. That's the relationship we want with every business we work with: straightforward, reliable and here for the long term.

Our own platform

We own GoYap, so our pricing is competitive and we control the service.

Everything cloud managed

We can see, check and fix most problems remotely, often before you notice them.

The right product for you

Everyone needs a car, but not everyone wants the same one. We offer a range across every budget, so we always have something that fits.

We grow with you

From one office to hundreds of sites, we scale with your business.

Who we work with

Solicitors · Recruitment · Architects · Advertising agencies · Mortgage advisers · Travel agents · Estate agents · Call centres · Garages and dealerships · Hotels

Brands we work with

Microsoft · BT Wholesale · EE · Vodafone · O2 · Gamma · Cisco · WatchGuard · DrayTek · Zyxel Networks · tp-link · Yealink · Poly · snom · UNV · 2N · Grandstream · Ubiquiti

See it first. Then try it free.

We'll show you how it all works for your business in a short demo, then set you up with a free trial, usually within minutes.
