

Broadgate

BUSINESS MOBILES

Your network. Your call.

Stay on EE, O2, Vodafone, Three or Gamma, or move to GoYap, our own mobile service on BT/EE. Either way, you get one bill and one UK support team.

Happy where you are? Stay.

Same network, same coverage, same numbers. We simply move your mobiles over to Broadgate.

Choice of networks

BT/EE, O2, Vodafone, Gamma or Three. Choose the network that works best where your team is.

GoYap mobile on BT/EE

Our own mobile service. Add call and minute bundles as you need them.

EU roaming included

Calls and data in the EU are included with GoYap.

Specialist SIMs

SIMs that switch between networks, for sites where coverage is critical.

Keep your network and numbers

Move to Broadgate without changing network or losing a number.

One partner

One bill, one support team and a named account manager.

Free bill comparison

Send us a recent mobile bill and we'll show you what you could save, on the same network.

compare@broadgatevoice.co.uk

Make your mobiles part of your phone system. With GoYap FMC, every mobile becomes an extension on your GoYap phone system. See over the page.

Make your mobiles part of your phone system

Switch on FMC and each GoYap mobile becomes an extension on your GoYap phone system. Staff use their phone as normal. The difference is that every call is now part of your business.

1

Your mobiles run on GoYap

2

Switch on FMC

3

Each mobile becomes an extension on your phone system

Included with FMC

Your own internal extension

Each mobile becomes a user on your phone system.

Show your office number

Customers see your office or department number, so they call back to the business, not your mobile.

Call colleagues internally

Dial an extension straight from the phone's normal dialler, with no app needed.

Transfer calls

Pass a call to a colleague mid-call.

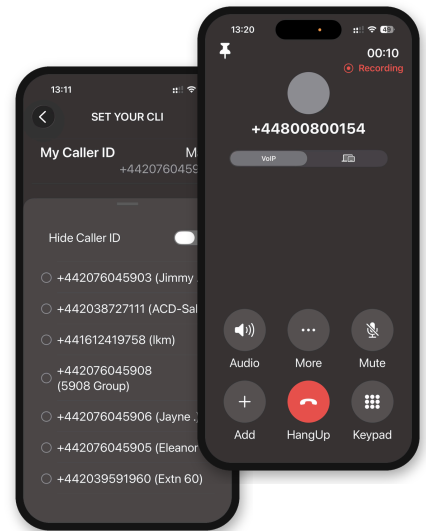

Live status

Colleagues can see when you're on a call.

The GoYap Mobile app

Call over WiFi abroad or where there's no signal, or let the app run in the background to change your caller ID and call forwarding.

Add what you need

OPTIONAL ADD-ONS

Call recording

Call tracking, monitoring and reporting

AI call sentiment analysis

Why it matters

See and manage calls from staff on the move

Keep a record for compliance and complaints

Numbers and call history stay with the business

FMC is available on GoYap mobile SIMs. FMC and the add-ons above are charged separately.

See it first. Then try it free.

We'll show you how your mobiles can work as part of your phone system in a short demo, then set you up with a free trial, usually within minutes.
